

Maumela Tshifhiwa

Software Developer and Engineer

Hello, I'm Tshifhiwa, I'm a website developer, Innovator and a computer sciences graduate with 4+ years of experience in the field, I am proficient in Python, JavaScript, CSS, HTML, Django, Dart, SQL and willing to learn more other programming languages. I create visually appealing software, and I am more interested in gaming software development.

Work Experience

PLP Software Development Scholar
Professional Learning Program
May 2024 - Aug 2024

Chosen for a competitive program designed to enhance advanced software development skills through intensive training and hands-on projects.

Volunteered Tutor

Jul 2022 - June 2024

As a volunteered Tutor, I provide personalized instruction tailored to each student's needs, covering a range of topics from basic programming to advanced algorithms. I use a hands-on approach to help students understand complex concepts and build practical skills.

Volunteered Instructor

March 2022 - March 2024

I volunteered as an instructor for Vodacom's Code Like a Girl initiative, where I taught girls aged 14-18 how to code. This experience allowed me to empower young women with essential coding skills, fostering their interest in technology and helping to bridge the gender gap in the tech industry.

Student Computer Lab Assistant

Jan 2022 - Dec 2022

As a Student Computer Lab Assistant at the University of Limpopo, I provided technical support and troubleshooting for hardware and software issues, conducted routine system maintenance, and educated users on lab equipment and applications. I also managed inventory and documented lab activities to ensure efficient operations and high user satisfaction.

Film Editor

2019 - 2021

As a Film Editor at Abelife Photography, I was responsible for editing and assembling raw footage into high-quality, professional videos for various client projects and promotional materials. I collaborated closely with photographers and clients to understand their vision and ensure the final product met their expectations. Utilizing advanced editing software such as Adobe Premiere Pro and DaVinci Resolve, I enhanced video quality, applied effects, and achieved the desired stylistic outcomes. I managed multiple projects simultaneously, adhering to deadlines and making revisions based on client feedback to deliver compelling and polished content.

Education

University of Limpopo

2018 - 2023

Mmilige Secondary

2012 - 2017

Pharani Primary School

2005 - 2011

Skills

Front End Development

Back End Development

Software Engineering

Version Control

Database Development
